About Sopot Çela

- Software Developer for ICITAP

- Eclipse e4 committer

- Platform contributor

- Twitter: @smcela

Platform Overview

MAIN COMPONENTS

- Platform runtime
  - Dependency Injection engine
  - DI container extending mechanisms
  - Some runtime level services (Logger, etc)

- Platform UI
  - Application model infrastructure
  - Rendering engine
  - Command/Handler abstraction
  - CSS styling artifacts
  - UI related services (Model service, Part service, etc)
